

STRATEGIC PLANNING, ORGANIZATIONAL CHANGE, AND COMMUNICATIONS

Integrated Systems Solutions (ISS) delivers comprehensive, solutions and services in strategic advisory, organizational change management, and communications. Our strategic advisors accelerate transformation—driving organizations from concept to measurable outcomes with speed and precision. ISS's change experts foster mission-aligned cultures while translating strategy into action. Through compelling, targeted communications, we ensure stakeholders remain engaged, informed, and committed.

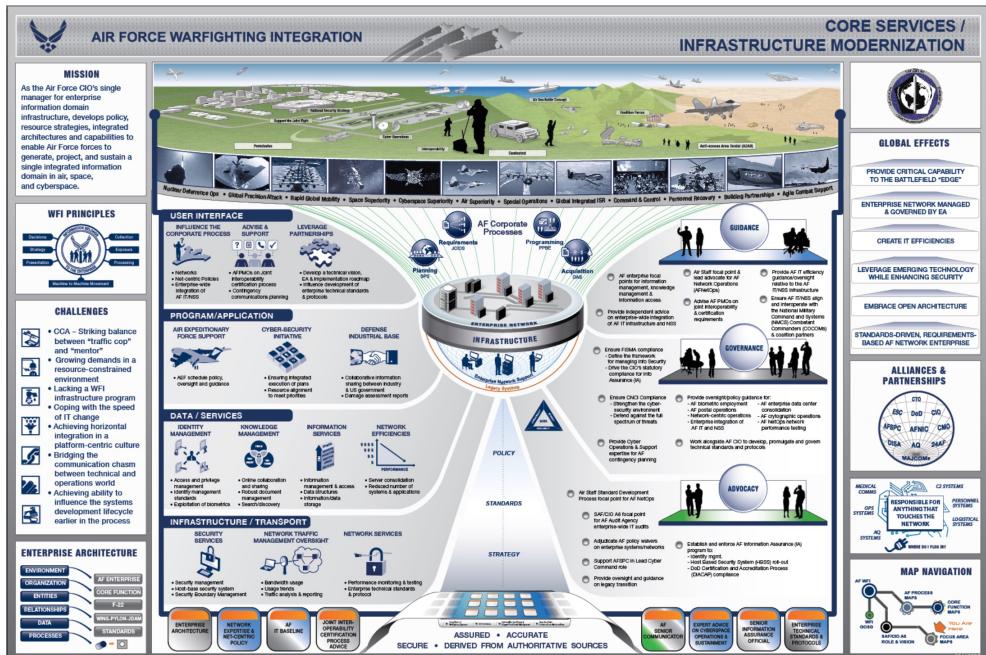

Strategic Planning. ISS applies rapid facilitation, modeling, and visualization techniques to drive shared understanding and accelerate informed decisions. Our purpose-built engagements align organizations around mission priorities, clarify interdependencies, and establish actionable roadmaps. Through metrics and dashboards, we ensure progress is measurable and outcomes remain on track.

Organizational Change. ISS enables organizations to align planning and execution through a comprehensive set of capabilities that strengthen alignment, reduce risk, and drive lasting change through:

- Planning and implementation
- Business process engineering
- Stakeholder engagement
- Goal and metric development
- Risk and issue management
- Training and skill development

Communications. ISS provides executive, administrative, and program communications, and specializes in communicating complex concepts into clear, impactful messaging for diverse audiences. We design, implement, and evaluate communication strategies tailored to each target group.

- Full lifecycle video production (storyboarding, scriptwriting, animation, cinematography, narration, editing, audio, and post-production)
- Routine, strategic, and executive communications
- Web development and content management
- Stakeholder management and outreach
- Podcasts content and production
- Studio and project management
